I've played football since kindergarten and this year was the most successful team I've been in a part of. We had a lot of moments and victories. I'm proud of the season we had. Wish I could go back and start over, it will be the last high school sport I will ever play and I think it was a good one.

## Brady Jones

I had a really awesome year. I had great coaches and teammates and I will always remember making the state playoffs. GO WARRIORS!

## Mark Jordan

This year in football we had a lot of fun. We also did something that PCHS football hadn't accomplished since 2011, by going to the playoffs. That was a good experience, and it should help us in the upcoming season.

## Jacob Jones

I really enjoyed learning from upperclassmen and coaches this year. I'm looking forward to another great season.

After playing for four years, my favorite memories came from the summer camps with my team.

### Sarah Ryder

My junior year was the best year because I got to spend it with my best friends. We may have not went to states but I wouldn't trade it for anything. We always had a good time. Just like when Pippy and I caught the microwave on fire when we left the popcorn in there for too long. Including when the fire alarm went off and the fire department coming. It was great year.
